Capability Statement

A Better Solution offers the highest level of software consultation, training and products. We specialize in **Application Lifecycle Management (ALM)**, **Collaborative Lifecycle Management (CLM)**, Software Process Methodologies and **DevOps** using **IBM Rational** products **Rational Team Concert**, **Rational Quality Manager**, **DOORS Next Generation**, **Rational Integration Tester** and **UrbanCode Release & Deploy**. We also specialize in other Rational Legacy products **ClearCase**, **ClearCase Multisite**, **ClearQuest** and **RequisitePro**. We have focused on these tools for over 18 years, providing excellent consulting and training services in over 17 countries with hundreds of client engagements. All ABS consultants have between 12-20 years or more of Rational Tools experience and 12-30 years of Software Development experience. Let A Better Solution be your one source for the best IBM/Rational Tools CM consultants.

ABS not only provides outstanding consulting services, but we provide industry leading products that extend ClearCase functionality.

- **ClearTrigger** (ClearCase Enterprise-level Policy creation and control)
- **ClearReplica** (Full-featured Low-cost ClearCase Multisite alternative)

Finally, we provide web-enabled online training for both our products and many in the IBM Rational toolset. Not PowerPoint bullet laden slides, but a fully engaging training experience with both practice and labs. These training modules mirror the experience of having an instructor on-hand as they were developed by trainers with year of instructor-led training experience in the Rational Toolset.

As part of the process of attaining a GSA schedule, A Better Solution offers their most favored customer pricing to government agencies. ABS is a Premier IBM Business Partner and Software Reseller.

ABS offers services to include, but not limited to:

- IBM/Rational Tools installation, configuration and customization
- On-line Web-enabled IBM/Rational Tools Training
- Instructor-led Onsite and Remotely Accessible Training
- Custom Software Development
- ClearTrigger & ClearReplica Licensing and support

Past and current Government clients include (references available upon request):

- **U.S. Treasury**
- **U.S. Army**
- **U.S. Navy**
- **U.S. Justice Department**
- **N.A.T.O**
